

## QUOTATIONS RELATED TO LEADERSHIP

1. "A good objective of leadership is to help those who are doing poorly to do well and to help those who are doing well to do even better."  
Jim Rohr
2. "The supreme quality for leadership is unquestionably integrity. Without it, no real success is possible, no matter whether it is on a section gang, a football field, in an army, or in an office."  
Dwight D. Eisenhower
3. "Management is efficiency in climbing the ladder of success; leadership determines whether the ladder is leaning against the right wall."  
Stephen Covey
4. "As we work together to restore hope to the future, we need to include a new and strange ally—our willingness to be disturbed. Our willingness to have our beliefs and ideas challenged by what others think. No one person or perspective can give us the answers we need to the problems of today. Paradoxically, we can only find those answers by admitting we don't know. We have to be willing to let go of our certainty and expect ourselves to be confused for a time."  
Margaret Wheatley  
*Turning to One Another*
5. "When you hold people accountable in a way that is fair, rational, predictable, and full of integrity, they willingly embrace it themselves."  
Connors and Smith
6. "Leadership is not magnetic personality; that can just as well be a glib tongue. It is not 'making friends and influencing people', that is flattery. Leadership is lifting a person's vision to higher sights, the raising of a person's performance to a higher standard, the building of a personality beyond its normal limitations."  
Peter Drucker, management consultant, professor and author
7. "The challenge of leadership is to be strong, but not rude; be kind, but not weak; be bold, but not bully; be thoughtful, but not lazy; be humble, but not timid; be proud, but not arrogant; have humor, but without folly."  
Jim Rohn
8. "The more accustomed one becomes to dealing with the unknown, the more one understands that creative breakthroughs are always preceded by periods of cloudy thinking, confusion, exploration, trial, and stress; followed by periods of excitement and growing confidence as one pursues purposeful change and copes with unwanted change."  
Michael Fullan
9. "Before you are a leader, success is all about growing yourself. When you become a leader, success is all about growing others."  
Jack Welch
10. "Nothing happens without personal transformation."  
W. Edwards Deming
